

MEALS ON WHEELS
FOR WESTERN NEW YORK, INC.

May 17, 2018

Supervisor Mike Kasprzyk
Town of Holland
Holland Town Hall
47 Pearl Street
Holland, NY 14080

Dear Supervisor Kasprzyk:

As you know, Meals on Wheels for Western New York serves the homebound elderly and disabled in Holland each day – providing them with two nourishing meals and a few minutes of crucial companionship. In fact, this year, we will provide hot lunches and cold suppers to approximately 23 individuals in your area alone.

We could not continue to do this without assistance from many different supporters in the community, including the Town of Holland. Thank you very much for the town's \$2,500 contribution toward the cost of meals for 2018.

This year, we will produce approximately 900,000 meals for our homebound clients throughout WNY and another 230,000 for seniors who are mobile and healthy enough to get to a congregate center for lunch. This would not be possible without your help.

With sincere appreciation,

Supervisor, Town of Holland
P.O. Box 36
Holland, New York 14080

Dear Supervisor Kasprzyk:

The Division of Local Government and School Accountability of the Office of the State Comptroller has selected the Town of Holland for an audit. The audit will focus on an evaluation of the Town's internal controls over its financial operations.

We plan to begin audit fieldwork shortly and will contact you to schedule an entrance conference and to identify those officials and staff who should attend this meeting. At the entrance conference, Town officials will be able to ask questions about this audit and about the resources the auditors will need. Once the audit is underway, our audit staff will be available to meet with any Town officials, including individual council members, at any time during audit fieldwork.

We recognize that an audit places additional demands on you and your staff and we will do our best to minimize disruption to your day-to-day operations. We have enclosed a copy of our publication, Understanding the Audit Process, which explains how we conduct our audits.

At the conclusion of our audit, we will report on the audit's results and provide recommendations to help improve your Town's operations. As a key Town official, you will have a role in monitoring any corrective action that needs to be taken as a result of this audit. Therefore, please feel free to ask questions about the audit at the entrance conference and about the audit's progress at any time during the audit engagement. If you have any questions at this time, please contact Principal Examiner Melissa Myers at (716) 847.3647 or by email mmyers@osc.ny.gov.

Sincerely,
