2019 ASSESSMENT NOTIFICATION

OWNER INFORMATION

Town Water System
Pearl St
Holland, NY 14080

You are hereby notified in accordance with the requirements of Section 510 of the Real Property Tax Law of your preliminary assessment. New York State law requires all properties in each municipality to be assessed at market value or at a uniform level of assessment each year.

A change in your property's assessment does not necessarily indicate that your taxes will change. Your tax liability will be affected by several factors, including: changes to school/county/municipal budgets, changes to assessments of other properties, changes to exemptions applicable to your property, and apportionment of school and/or county taxes among multiple municipal segments.

You may contact representatives of the assessor's office regarding this notice. If, as a result of consultation with the assessor or otherwise, your tentative assessment differs from this preliminary assessment, you will be notified of that tentative assessment. If you disagree with your property's tentative assessment, in order to protect your right to assessment review, you must file a formal written complaint on the officially prescribed form (RP-524), available from your assessor or online at www.tax.ny.gov, with your Board of Assessment Review (BAR) on or before

A publication entitled "Contesting Your Assessment in New York State" is available at the assessor's office and online: www.tax.ny.gov.

Please note that your assessor and the BAR can only review your assessed value; they do not set and cannot adjust your taxes. If you feel that your assessment is fair but your taxes are too high, your comments should be addressed to the appropriate taxing jurisdiction.

Many of these changes are corrections in the Land Values as directed by New York State as per the Property Tax Laws related to Leasing vs Owner/Operator of Farmland and the non-agriculture portion of parcel's Land Value.

Honorable Michael C. Kasprzyk  
Supervisor, Town of Holland  
47 Pearl Street  
Holland, NY 14080  

Dear Supervisor Kasprzyk:

Thank you for your participation in the Erie County Water Quality Committee (ECWQC)!

Through the ECWQC, municipalities have been working together to identify existing water quality efforts, grants, and resources and to implement regional water quality improvement projects. Erie County is part of the Lake Erie Watershed Protection Alliance (LEWPA), a tri-county water quality and water quantity collaboration with Cattaraugus and Chautauqua counties. The ECWQC selects the Erie County representatives to the LEWPA Board of Directors. In addition, ECWQC votes on how to spend Erie County’s annual allocation of New York State Environmental Protection Fund water quality improvement dollars through LEWPA. In years past, municipalities have discussed water quality and drainage problems at ECWQC meetings and have gone on to receive assistance in correcting those issues through the LEWPA allocation from the Environmental Protection Fund.

I urge you to continue your commitment to the ECWQC by participating regularly in the bimonthly meetings and communicating the water quality issues and projects within your community. Sharing experiences and ideas with neighboring communities can help strengthen our region. Water doesn’t stop flowing at municipal boundaries. Protecting and enhancing our water resources can alleviate many of the water quality and quantity concerns facing municipalities today while boosting economic development as we move toward a “Blue Economy.” This will allow our waterways to support fish & wildlife, recreation, eco-tourism, manufacturing, power generation, transportation, and drinking water for the betterment of our region!

Enclosed you will find a handout detailing some of the great regional water quality work that has been accomplished thus far in Erie County and throughout the Niagara River/Lake Erie Watershed. Also included is a list of the upcoming ECWQC meeting dates. If you have any questions, please contact Joanna Panasiewicz, ECWQC Secretary, at 716-858-8077 or Joanna.Panasiewicz@erie.gov. Thank you for your attention to these matters and I look forward to our continued work together.

Very truly yours,
