is needed by the Town, shall be made by the superintendent. The value of the materials or supplies borrowed from another municipality under this agreement may be returned in the form of similar types and amounts of materials or supplies, or by the supply of equipment or the giving of services of an equal value, to be determined by the mutual agreement of the respective highway superintendent.

B. The Town or Village of ALDEN Holland agrees to rent, exchange, or lend to any municipality any and all materials, machinery, and equipment, with or without operators, which such municipality may need for its purposes. The determination as to whether such machinery, with or without operators, or material is available for renting, exchanging, or lending shall be made by the superintendent. In the event the superintendent determines that it will be in the best interests of the Town to lend to another municipality, the superintendent is hereby authorized to lend to another municipality. The value of the material or supplies loaned to another municipality under this agreement may be returned to the Town in the form of similar types and amounts of materials or supplies, or by the supply of equipment or the giving of services of an equal value to be determined by the mutual agreement of the respective superintendent.

C. The Town or Village of ALDEN Holland agrees to repair or maintain machinery or equipment for any municipality under terms that may be agreed upon by the superintendent, upon such terms as may be determined by the superintendent.

D. An operator of equipment rented or loaned to another municipality, when operating such equipment for the borrowing municipality, shall be subject to the direction and control of the superintendent of the borrowing municipality in relation to the manner in which the work is to be completed. However, the method by which the machine is to be operated shall be determined by the operator.

E. When receiving the services of an operator with a machine or equipment, the receiving superintendent shall make no request of any operator which would be inconsistent with any labor agreement. All machinery and the operator, for the purposes of workers' compensation, liability, and any other relationship with third parties, shall be considered the machinery of, and the employee of, the municipality owning the machinery and equipment.

F. The lending municipality shall be liable for any negligent acts resulting from the operation of its machinery or equipment by its own operator.

G. Each municipality shall remain fully responsible for its own employees, including, but not limited to, salary, benefits, and workmen's compensation.

4. In the event machinery or equipment is being operated by an employee of the owning municipality is damaged or otherwise in need of repair while working for another municipality, the municipality owning the machinery or equipment shall be responsible to make or pay for such repairs. In the event machinery or equipment is operated by an employee of the borrowing, receiving, or renting municipality, such municipality shall be responsible for such repairs.

MINUTES – BOARD OF APPEALS

The Town of Holland Board of Appeals met on Tuesday, April 22, 2014 at 7 p.m. Members present: Willie O'Dell, Barbara Reinagel, Jim Crowley, Gene Hoffman, Karl Everts and Keith Schuessler. With a quorum present, the Board met to hear the request of the following applicant:

Raymond Pfeiffer 12410 Vermont St, Holland, NY 14080. Applicant has requested a variance to erect 36' x 36' barn forward of the primary structure. Provisions of the Zoning Ordinance Section 120-59A states that in any residence district, no accessory building shall be erected to be in any front yard. Mr. Pfeiffer showed proof of notification to surrounding property owners within 200' of his property and a diagram was made available to show the location of the proposed barn. The barn, 70' – 100’ from the road, would be erected to house 2 horses. The siding would match the house. The lay of the land requires the barn to be in front of the house. There were no major concerns from the Board. After discussion, a motion was made by Barbara Reinagel, seconded by Karl Everts to grant the variance as requested. The Board vote was unanimous.

Respectfully submitted,

Diane R. Doyle

MINUTES – BOARD OF APPEALS

The Town of Holland Board of Appeals met on Tuesday, April 22, 2014 at 7 p.m. Members present: Willie O’Dell, Barbara Reinagel, Jim Crowley, Gene Hoffman, Karl Everts and Keith Schuessler. With a quorum present, the Board met to hear the request of the following applicant:

Craig and Sarah DiPaolo, 12835 Whitney Rd, Holland, NY 14080. Applicant has requested a variance to erect 40’ x 60’ building which includes an attached 2-car garage to run a business. Provisions of the Zoning Ordinance Section 120, Attachment 1, Footnote 5 states that in any residence district, no building shall be erected without a full basement. Mr. and Mrs. DiPaolo showed proof of notification to surrounding property owners within 200’ of their property and a diagram was made available to show the location of the proposed new garage. The building would house 5 office rooms and a business vehicle for Mrs. DiPaolo’s Dietary Counseling Business. A brick front will match existing house. The Town Board had previously given permission for the business, but the variance was needed since the building would not have a basement. The DiPaolo’s architect was in attendance and explained that the building would be on a slab on grade construction and all New York State codes for commercial construction would be met. The Board considered the variance for a business building, not a residence. There were no major concerns from the Board. After discussion, a motion was made by Karl Everts, seconded by Jim Crowley to grant the variance as requested. The Board vote was unanimous.

Respectfully submitted,
