- I. Solar Liberty Project Update – The site off Vermont Street has been cleared and graded by the Town. An archeological/historical clearance still is needed from NYS. Solar Liberty is still saying it will begin construction soon.
- J. Not on Agenda – The Supervisor attended a Supervisors' Meeting, and discussion centered about the state tax cap and its unsustainability. The supervisors agreed to urge the NYS Association of Towns to make a renewed effort to lobby for mandate relief. Schools are under much the same rules, with the exception of being able to do funded capital projects, whereas towns cannot. This year, the Supervisor said, the tax cap for the Town of Holland is 0.73 percent, not 2 percent. "Our Workmen's Compensation exceeds that," the Supervisor said.

The Supervisor also said he cannot attend the meetings of the Erie County water districts, so Michael Hayden (of Holland Water) will be attending in his place, and will be the new liaison.

COMMITTEE REPORTS

- A. Buildings – Councilman Kolacki – A leak in the Supervisor’s office was repaired, and was due to faulty flashing. He noted that there are “two roofs on the Town Hall now,” and said any new roof would necessitate a complete tear-off of the old materials.
- B. Cemetery – Councilman Hack – Hack asked for lighting for the two flagpoles, in order to illuminate the flags, however, there is no electricity at either. Solar may be the only way to achieve this.
- C. Planning Board Liaison – Councilwoman Kline – There was nothing formal done at the meeting, but a review of the Code is still underway.
- D. Town Park & Community Center – Councilman Hack – Highway Supervisor Patrick Joyce said chipping of the playground base is underway. The Supervisor said he has been receiving many compliments on the playground’s appearance, and asked Joyce to extend those to his staff.
- E. Environmental Committee - Councilman Kolacki – No report.
- F. Beautification – Councilwoman Herr – The surveillance cameras are installed and operational at the Town Park and the highway garage. Members of the Board will meet with a company representative, to acquaint them with operation of the systems. A meeting will be set up for January, to go over responsibilities of flower plantings in town, as there has been some confusion as to who is responsible.

COMMUNICATIONS

- A. Planning Board Minutes – Report submitted.
- B. Heating Assistance – Regarding HEAP and other public-assistance programs. Informational brochures are available in the Town Clerk’s Office.
- C. NYMIR Insurance Bulletin – The Town’s liability insurer is now requiring periodic fleet inspections, due to another town’s multi-million-dollar claim from a faulty plow.
